

LATIF BUKARI RASHID

Email: rashidlatifbukari@gmail.com

SUMMARY

Latif is currently completing his Master of Science degree in mechanical engineering at King Fahd University of Petroleum and Minerals (KFUPM). Prior to this, he concluded his Bachelor of Science degree in Renewable Energy Engineering at the University of Mines and Technology (UMaT), where he graduated with first class honors and in the top 4% at departmental level. His master's thesis work is focused on experimentally investigating double half-heusler thermoelectric materials. The first part of his thesis work has produced a manuscript on double half-heusler thermoelectrics, which is currently under review for publication. Prior to entering the world of thermoelectric materials research, he used to spend a lot of time modeling and optimizing energy systems and applying machine learning techniques to tackle various renewable energy research problems. This area of research alone has culminated in 5 peer-reviewed journal articles (Q1 and Q2) and counting. Latif has also reviewed >5 manuscripts for >4 leading journals including [Elsevier Energy](#). He is a recipient of the high international scholarship at KFUPM, winner of HackUMaT Student Research Hackathon, Finalist at the Harvard University Aspire Leaders Program, and honored by the Deanship of Student Affairs at KFUPM as an [Outstanding Member](#) of the International Students' Club for his contributions to the well-being of >1,700 graduate and undergraduate international students from >70 nationalities.

EDUCATIONAL BACKGROUND

King Fahd University of Petroleum and Minerals (KFUPM), Dhahran, Saudi Arabia	<i>2024-date</i>
MSc in Mechanical Engineering	
University of Mines and Technology (UMaT), Tarkwa, Ghana	<i>2019-2023</i>
BSc in Renewable Energy Engineering	

RESEARCH, TEACHING, AND LABORATORY EXPERIENCE

Materials Processing Laboratory Assistant, KFUPM, Kingdom of Saudi Arabia	<i>2024-date</i>
Research and Teaching Assistant, UMaT, Ghana	<i>2019-2024</i>

TECHNICAL COMPETENCIES

Experimental	Bulk Thermoelectric Synthesis and Processing; Materials Characterisation (XRD, SEM, EDS); Thermoelectric Performance Characterisation (LFA, ZEM); Data Analysis and Visualisation
Facilities and Instrumentation	Arc Melter; Spark Plasma Sinter; High Energy Vibrational Ball Mill; Glovebox; Quartz Tube Sealing Station; Tube Furnace; Mechanical Cold Press; Sample Grinder and Polisher; Low Speed Pellet Cutter; XRD, SEM, LFA, ZEM
Software and Tools	Analytical (Materials Project, Profex, OriginPro, VESTA, CrystalDiffract, OQMD) Writing and Creative (Mendeley, Microsoft Office Suite (Word, Excel, PowerPoint, Outlook, OneNote), Adobe Photoshop/Premiere Pro) Programming (Python 3, R, EES, html, LaTeX) Energy Modeling and Simulation (HOMER Pro, RETScreen Expert, System Advisor Model-SAM)

TRAINING AND CERTIFICATION

Lab Safety and Industrial Safety, KFUPM Safety Department	<i>2026</i>
First Aid and CPR, KFUPM Medical Center	<i>2025</i>
Certified Project Manager, Coursera	<i>2023</i>
Certified Data Analyst, Coursera	<i>2023</i>
Green Digital Skills Certificate, INCO Academy	<i>2023</i>
Havard Aspire Leaders Program, Havard Aspire Institute	<i>2023</i>
Fundamentals of Digital Marketing, Grow with Google Africa	<i>2020</i>

AWARDS AND HONORS

Outstanding Executive Award, Deanship of Student Affairs, KFUPM	2025
Finalist, IRENA Youth Forum 2026, Abu Dhabi, UAE	2025
High International Scholarship Award, KFUPM, Kingdom of Saudi Arabia	2024
Best International Student Volunteer, KFUPM	2024
Certificate of Achievement, Sustainable Energy Accelerator	2024
Top LinkedIn Voice	2024
Finalist, Harvard University Aspire Leaders Program (2% of 56,000 applicants from >120 countries)	2023
Enactus Global Student Spotlight	2023
Finalist, Enactus Ghana National Competition	2022
Citation of Honour, Enactus-UMaT	2022
Certificate Of Achievement and Leadership, 10 Billion Strong	2022
Winner, HackUMaT Research Hackathon, UMaT	2021

CONFERENCES AND SEMINARS

Delegate, The Global Students Research Conference, Kingdom of Saudi Arabia	2025
Delegate, Green Sustainable Future Conference and Exhibition, Kingdom of Saudi Arabia	2025
Convener, NREG UMaT Students' Conference, Ghana	2024
Moderator, Empowering Africa's Youth: Leading the Just Energy Transition, Ghana	2024
Delegate, African Youth Conference (AYC), Ghana	2024
Participant, Pre-COP28 National Youth Summit, British Council, Ghana	2023
Attendee, Harvard Aspire Professional Development Workshop and Q and A, Virtual	2023
Participant, Young Green Entrepreneurs Forum, British Council, Ghana	2023
Participant, Youth Dialogue with Experts on Natural Resources and Environmental Governance, Ghana	2023
Moderator, Italy-IRENA I-ACT Conference, Virtual	2023
Participant, 6th Career and Innovation Fair, UMaT, Ghana	2022
Participant, Ghana Renewable Energy Fair, Ghana	2021
Delegate, YouthConnekt Africa, Accra International Conference Centre, Ghana	2021

PROFESSIONAL MEMBERSHIP

The Ghana Institution of Engineers (GhIE)
The Institute of Electrical and Electronics Engineers (IEEE)-KFUPM Branch
Strategic Youth Network for Development
Green Leaders Academy
Youth In Natural Resources and Environmental Governance

TEST SCORE(S)

TOEFL iBT May 2024
